

2020-2021学年青岛版五四制数学一年级上学期第七单元检测卷

选择题

1. 单选题

$7 + \square < 16$, \square 里最大填()。

- A. 8 B. 9 C. 10

2. 单选题

一年级(3)班美术组女生做了15朵红花,男生做了8朵,男生至少再做()朵才能超过女生。

- A. 9 B. 8 C. 7

3. 单选题

与 $14-6$ 的得数不一样的算式是()

- A. $16-8$ B. $5+3$ C. $15-8$ D. $12-4$

4. 单选题

与9相邻的两个数,它们的差是()。

- A. 10 B. 8 C. 2

5. 单选题

一个水果店,第一天卖出8箱苹果,第二天卖出5箱苹果,两天共卖出()箱。

- A. 8 B. 3 C. 13 D. 12

判断题

6. 判断题

因为 $4+7=11$,所以 $11-7=4$ ()

- A. 正确 B. 错误

7. 判断题

小明玩套圈游戏,扔出14个圈,套中了9个,还有5个没套中()

- A. 正确 B. 错误

8. 判断题

姐姐有16本作业本,妹妹有8本,姐姐给妹妹4本后,两人的作业本同样多。()

- A. 正确 B. 错误

9. 判断题

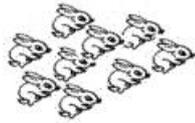

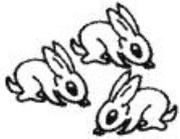

$5+8$ 的结果小于 $6+8$ 的结果。

- A. 正确 B. 错误

10. 判断题

“ $5+6=$ ”是能组成10的算式之一

- A. 正确 B. 错误

18. 填空题

我们排队，我的前面有6人，后面有7人，我们这一排一共有_____人。

计算题

19. 计算题

算一算，填一填。

(1) $6 + 5 = \square$

Diagram: A number line starting at 6 and ending at 10. A vertical line goes up from 6, then a horizontal line to the right to a box, then a diagonal line down to a box. Another diagonal line goes up from the second box to a box, then a diagonal line down to a box. A vertical line goes down from the second box to 10.

(2) $9 + 3 = \square$

Diagram: A number line starting at 9 and ending at 12. A vertical line goes up from 9, then a horizontal line to the right to a box, then a diagonal line down to a box. Another diagonal line goes up from the second box to a box, then a diagonal line down to a box. A vertical line goes down from the second box to 12.

(3) $13 - 4 = \square$

Diagram: A number line starting at 13 and ending at 9. A vertical line goes down from 13, then a horizontal line to the left to a box containing '3', then a diagonal line down to a box. Another diagonal line goes up from the second box to a box containing '10', then a diagonal line down to a box. A vertical line goes down from the second box to 9.

(4) $11 - 7 = \square$

Diagram: A number line starting at 11 and ending at 4. A vertical line goes down from 11, then a horizontal line to the left to a box, then a diagonal line down to a box. Another diagonal line goes up from the second box to a box, then a diagonal line down to a box. A vertical line goes down from the second box to 4.

20. 计算题

口算。

- | | | | | |
|----------|---------|---------|---------|---------|
| $8+5=$ | $12-8=$ | $7+4=$ | $18-9=$ | $5+7=$ |
| $12-10=$ | $15-9=$ | $11-4=$ | $13-7=$ | $15-7=$ |
| $13-9=$ | $12-3=$ | $17-7=$ | $5+9=$ | $16-9=$ |
