Giving and following directions is an important task that we do all the time. We follow directions from teachers, parents, friends and others every day. Directions tell us how to do new things and how to 【1】 ourselves. Sometimes, it's our responsibility to give directions, too. Use these tips when giving directions.

- Divide the process into simple steps.
- Make sure you give each step in the right order. For example, don't instruct someone to put toothpaste on their toothbrush after they've already been told to start brushing!
- Don't include 【2】 details that could confuse the person receiving the directions.
- Draw pictures or maps that could help understanding an especially tricky step.
- Ask your listeners if they have any questions.
- Speak slowly and 【3】 .

Use these tips when following directions.

- Write notes or key 【4】 to help you remember the process later on.
- After you hear each step, silently repeat it to yourself.
- Ask the person giving directions to repeat any steps that don't make sense.
- Make sure you understand each step.

12. 选词填空

A. a lot B. huge amount of C. seems D. steps E. get confused

Think of an activity that you do 【1】 and could explain to someone else. Once you have chosen an activity, write the directions, or steps, on a piece of paper. Read them in order and make sure you didn't forget any. A step that 【2】 easy to you could be really hard for someone else to understand!

With a partner, take turns to listen to and give directions. When it's your turn to listen, pay attention and ask questions if you 【3】 . When it's your turn to speak, give your directions slowly. Speak clearly. If your partner doesn't understand, try to simplify the 【4】 . Make sure you're fully understood by the listener.

13. 用所给单词的正确形式填空

Complete the sentences with the given words in their proper forms (用括号中所给单词的适当形式完成下列句子)
