## 外研版初二英语下册第七模块检测卷

Many people go to school for an education. They languages and other subjects. Others go to to learn a skill so that they can make a living no one can learn everything from school. A teacher, no matter he knows, cannot teach his students everything they to know. So, much more is to be learned school by the students themselves. It is always to know how to study by oneself than to memorize some formulas(公式). Formulas are easy to remember but difficult to use in out maths problems. As we all know, great, such as Einstein, Newton and Galileo, didn't learn many things from school. But they were all so successful that they so many things for us.	1. 单选题
