完形填空

Why do we have to protect trees?

We know trees can bring us 1 better world. They can provide us 2 clean air and water. They work like an air 3. They 4 CO₂ and give out O₂. They also make the air cool on hot days and stop strong winds. What's more, they give us food and medicine 5 us healthy.

But trees are in trouble. People 6 down more and more trees to make money now.

7 can we do? Maybe we can start from small things. 8, we can plant trees. We can stop 9 trees.

Trees are really important. 10 there aren't any trees, we can't live on the Earth.

Animals are our good friends. So we should protect them.

What kind of pet would you like? A lovely rabbit, a cute hamster (仓鼠), some beautiful fish? Lots of kids love animals and want to have a pet. But not every family can have a pet. So in some countries, such as the US, the UK and Australia, school classes have their own pets.

Keeping a pet is not easy. Fish need clean water and the right food. Rabbits need fresh vegetables and a warm place to live in. It is even not easy to keep a hamster. What would you feed a hamster? How about snakes? Class pets teach kids about the world around them, and being responsible (有责任的). Sometimes the pets have babies. It's really exciting, but it also means more animals to look after.

Students take turns to look after the class pets. Every week the pets have new "mum and dad" to
