

2022上海高二下学期人教版高中英语期中考试

1.

There was a time when the belief that teachers should be highly-respected and teaching is a noble profession prevailed (盛行). And that was exactly the dangerous illusion I used to have (21) I actually became a teacher. Nowadays, as far as I am concerned, being a responsible teacher to a large degree means (22) (clear) up the mess left by his or her students on a regular basis.

Take my personal experience as an example. For years, my students (23) (never fail) to amaze me with their magnificent abilities to escalate (使.....逐步升级) trivial matters into disastrous chaos. Of course, that is not something (24) (boast) about, but I have to say so far they have done a tremendous job. Therefore, not even a single second can I take my eyes away from them because once they are out of sight, they are out of control (25) suddenly they were transformed from reasonable human beings into restless monkeys by magical spells.

Besides, it is increasingly hard for me to understand my students (26) the constant efforts I make.

Conversations with my students usually end in one of three ways:

Students don't respond to any attempts made to establish real communication, (27) say.

They reply with lip-service, in that they will start to behave themselves, but (28) results from this.

They blame others for their faults and takes no responsibilities for their own behaviors. So, with all those said, it is not surprising that in China it has become (29) (challenging) for governments to persuade people to join the teaching profession. Part of the reason for this may be the intense pressure that comes from feeling powerless to control the children for (30) they are responsible.

2.

A. conventional B. contribution C. record D. mean AB. featured AC. burst

AD. delivered BC. securing BD. rarely CD. tuition ABC. potentially

It has taken him long, but eventually he did it – at 31, Wayne Rooney became the all time (31) goal scorer for Manchester United, surpassing Sir Bobby Charlton. 250 goals in 546 matches at 175 minutes per goal ratio is no (32) achievement. And yet with Rooney, there is always a feeling that he could have done more.

Rooney left such an unforgettable impression when he first (33) on to the scene that we often tend to undervalue his gradual transformation into a complete forward. We often fail to acknowledge what a tremendous team player he is. Rooney is one player who has always (34) when it mattered most. He is a hero. Maybe, a flawed one.

Under Sir Alex Ferguson, United made it a habit of winning late. Old Trafford became the central cathedral of Europe that taught the art of scoring late and (35) victories. And most of the time, Rooney (36) as the main man to execute the killing job to perfection. He scored 101 goals for United
