2.

A young British woman had shortly arrived in Hongkong and had not yet 16 anything about the Chinese 17. One day she went to the home of a Chinese friend and was 18 given a cup of Chinese tea. She was not 19 and she also found this type of tea rather 20. However, since she had been given the tea , she felt she should drink it. Hoping to finish it 21 so that she would not feel about having to drink this tea which she did not 22, she started to drink as much of it as she could. But as soon as her cup became half - full, the host 23 giving her more. Several times she told the host that she had had 24, but it seemed to have no 25. Her cup kept being 26, and she kept on drinking. During the time of her 27, she drank about twelve cups of tea. Later she found out that she should have just 28 the tea, and that this would have meant that she had had enough. Influenced by her 29 culture, she felt it too 30 to leave the tea and could not understand why the host took no notice of her protests(抗议) that she had had enough!
