

## 2022西藏高二上学期人教版高中英语期末考试

1.

### School Activities

Our school activities are suitable for all ages and levels including primary, secondary and A-Level. We offer workshops, hands-on activities and a teacher support service to help you get the most out of your visit. All school services are free, but must be booked in advance.

### Darwin Centre

Find out who you really are and where you come from in our interactive films about evolution, described by Sir David Attenborough.

### Hands-on Activities

Get up close and personal with Museum in these hands-on activities, where you can handle real specimens from our collections. Hundreds of real, natural history specimens for students to touch and explore are in our hands-on science centre.

### Self-led Activities

Pupils can engage with specimens through role-play in a self-guided explorer challenge through the Museum.

### The Great Debate School Program

Students are introduced to the history of the debate during a lively tour. They are then divided into groups and use exhibits to prepare presentations representing the views of the debated key characters.

### Booking

All school activities must be booked in advance by calling the schools booking line: 4420 7942 6666.

1. If you're interested in human evolution, you'd better choose\_\_\_\_\_.
