Want to explore new cultures, meet new people and do something worthwhile at the same time? You can do all the three with Global Development Association(GDA).Whatever stage of life you're at, wherever you go and whatever project you do in GDA, you'll create positive changes in a poor and remote community(社区).

We work with volunteers of all ages and backgrounds. Most of our volunteers are aged 17-24.Now we need volunteer managers aged 25-75.They are extremely important in the safe and effective running of our programmes. We have such roles as project managers, mountain leaders, and communication officers.

Depending on which role you choose, you could help to increase a community's access to safe drinking water, or help to protect valuable local cultures. You might also design an adventure challenge to train young volunteers.

Not only will you help our young volunteers to develop personally, you'll also learn new skills and increase your cultural awareness. You may have chances to meet new people who'll become your lifelong friends.

This summer we have both 4-week and 7-week programmes:

Schedule		
Country	4-week programmes	7-week programmes
Algeria	5 Jul.- 1Aug.	20Jun. -7Aug.
Egypt	24 Jul.-20 Aug.	19Jun.-6 Aug.
Kenya	20 Jul.-16Aug.	18 Jun.-5 Aug.
South Africa	2Aug.-29 Aug.	15 Jun.-2Aug.

GDA ensures that volunteers work with community members and local project partners where our help is needed. All our projects aim to promote the development of poor and remote communities.

There is no other chance like a GDA programme. Join us as a volunteer manager to develop your own skills while bringing benefits to the communities.

Chinese Culture Shown to the World with Love Li Ziqi, a short video blogger specializing in traditional Chinese cooking and handicrafts has gained worldwide popularity. Li has about 20 million followers on Sina Weibo, China's equivalent to Twitter, plus 7 million followers on overseas social media networks. Many foreigners say they have got to know traditional Chinese food culture via her channel.

It is the spirit of craftsmanship (技艺) behind her works that makes Li's video clips attractive. She strictly follows the authentic traditional steps and procedures in making traditional Chinese food and handicrafts, such as peach flower wine and silk, and goes to great lengths to ensure her videos are accurate. Sometimes she spends several months producing one of her videos.

Li has been inheriting (继承) traditional Chinese culture in a rather creative way. A closer look at her videos will show that they are never with any "analysis" that makes people feel bored. They just show the audience each and every detail of traditional Chinese culture so that the latter knows how Chinese live their beautiful and elegant lives. It is that universal appeal that makes her works so attractive. Thanks to Li's efforts, many intangible cultural heritages that only existed in memories and written records now appear before our eyes. Via her short videos, Li presents the image of a beautiful and friendly China.

With the growth of the Chinese economy, people overseas are showing more interest in traditional Chinese culture. Li has shown how to satisfy that interest in a good way, namely showing the best parts of traditional Chinese culture with her heart.

To effectively present the beauty of Chinese culture to the world, we need more Li Ziqi.

【1】What can we learn about Li Ziqi's video clips?

- A.They promote the sales of Chinese food and handicrafts.
B.They attract a large number of foreigners to visit her online shop.
C.They aim to introduce traditional Chinese food culture and handicrafts worldwide.
D.They are based on her family's recipes of making traditional Chinese food.

【2】What could be inferred from Paragraph 3 and Paragraph 4?

- A.Analysis of Chinese culture in Li's videos makes people bored.
B.Details and accuracy play significant roles in the success of Li's videos.
C.Li makes sure all of her video clips are short enough to be downloaded.
D.Cultural heritages usually exist in memories and written records.

【3】What does the underlined word "intangible" in Paragraph 4 mean?
