LOI English—English Conversation Classes

Take English conversation classes with native English - speaking teachers from the United States, Ireland and Australia, live, 1 - on - 1.

This is by far the best way to improve your real spoken English and listening abilities and get to a level where you can use it in real - life situations. Our teachers mainly carry on conversations about work in different fields, such as business, finance, politics and travel. However, if you like, you can have normal day - to - day conversations about events, weather, etc. If you would like to learn some grammar during conversation, we can do that too!

Our English Conversation classes :

- Your conversations will always be with a native English speaker.
- You can choose the time, day and teacher for each class.
- The classes are made for each student individually. They will be at your level, studying what you need and what interests you.
