1.

Are you scared about moving up to senior high school? It can be a new experience, but you shouldn't worry. We've put together a guide to help you in the first week.

You're not alone

Remember everybody else in your year is in the same boat. They may not realize it, but they're just as nervous as you are. Moving to senior high school is an opportunity, not a problem. Things are different and all you need to do is be polite and learn the new rules.

Teachers are ready to help

If you're unsure what to do or are worried about anything, then ask for help. Teachers are probably the best people to turn to as they're experienced in helping new students. Some senior high schools also have a "friends system". If your school has this, then you will be paired with an older student. He/She will help you if you have any problems or questions.

All change

There are lots of differences between junior high school and senior high school. You'll have a homework diary or a student planner. You will have your lessons with different teachers in different rooms. You will have homework for different subjects on different days, so make sure you get organized. Make sure you have a copy of your school timetable written down so you know which rooms your classes are in and on which days you will have your different subjects. Other points

If you've got an older brother or sister at the school, then ask them for advice. Be yourself! It sounds simple, but people will know you much better if you just act naturally.

Having early nights makes a difference and you'll find it easier to get up in the morning!
