Vacation Deals Online

Sunbridge vacations

Booking with Sunbridge gives you the Sunbridge Advantage. This means one simple price covers everything. Unlike other websites, we don't fool you with a low price for airfare, then sneak (偷偷地做) in charges for hotel, rental cars, and food until you're paying more than you wanted. Our price is all inclusive and can't be beat! The Sunbridge Advantage also includes our Sunbridge Resort Ambassadors. Two of our friendly, helpful staff members will meet you at the airport and take you to your hotel.

Punta Senca Resort

Punta Senca Resort features one of the finest Caribbean beaches. The facilities(设施) include garden areas with quiet relaxation space and over two miles of paths for walking and jogging. The beauty of the garden space is improved by thousands of tropical flowers, native sculptures, and three spectacular fountains. Punta Senca is one of our most family-friendly attractions. One option any family should consider is our Family Package, in which up to two children under ten years old stay and eat free. We know you love your family, but we also know that sometimes different family members prefer different activities. While Mom and Dad are cared for in our Spa and Wellness Center, our friendly staff can help the kids explore the island through a variety of activities including horseback riding, sailing lessons, and bike trips.

Punta Senca also features a variety of restaurants offering exciting dining experiences. We have a steakhouse, a bakery and coffee shop, a home-style Italian restaurant, a seafood restaurant serving fresh-caught fish from local fishermen, and a casual bar and grill for dining on the beach.

Guest review

Sara P. 09/23/2019

My family and I went to Punta Senca for a week and it was fine. But just that——fine. I really was expecting something a little more special. For example, I was shocked to find the different restaurant options weren't all open every night of the week. Most nights, only two or three of the restaurants were open. And I really was unimpressed by the food.

【1】What is the main benefit of the Sunbridge Advantage?

- A. A relatively low total price. B. A small hotel charge.  
C. A discount on food. D. A low airfare.

【2】How does the resort help families have fun?

- A. It provides special food for children.  
B. It has different recreation options.  
C. It has playground equipment.  
D. It offers group transportation.

【3】How would Sara P. likely summarize her experience?

- A. Delightful B. Unpleasant  
C. Rewarding D. Ordinary

When Sally Millsopp, 53, with her 17-year-old daughter, Eleanor, participated in Race for Life in 2019. She had no idea if she would get to see her mother Jennifer Earnshaw again, who was desperately ill with a form of lung cancer, but she encouraged the pair to take part in the event as she knew the fundraising would help others. They managed to make it back to her bedside just in time to show her the photographs. Jennifer, who was a former head teacher, passed away the following day, aged 76. Ms Millsopp and her daughter are once again participating in the Race for Life on May 13 this year to the memory of Jennifer, and will be speaking on stage to inspire others.

"Mum was a selfless person. I knew she really wanted us to do Race for Life but it was hard not knowing if I would be there with her at the end. When we reached the finish line, Eleanor and I both felt elated that we'd done something so positive at such a sad time. We had a big hug and knew it was something Mum would be proud of," said Ms Millsopp.

One in two people in the UK will be diagnosed with cancer, but the good news is more people are surviving the disease now than ever before. Cancer Research UK's Race for Life, in partnership with Tesco, is an inspiring women-only series of 5k, 10k, Pretty Muddy and Hiking events which raise millions of pounds every year to help beat cancer sooner by funding vital research.

Genma Turpin, Cancer Research UK's Norwich event manager, said, "We are very grateful to Sally and Eleanor for their story that highlights how special Race for Life is to people. By following them, women in Norfolk can make a real difference in the fight against cancer. Money raised through Race for Life is helping beat over 200 different types of cancer—that's why every step, every person and every penny raised counts.

【1】What do we know about Jennifer Earnshaw?

- A. She used to take part in Race For Life.  
B. She had a sense of social responsibility.  
C. She died without seeing Sally and Eleanor.  
D. She worried about her cancer's influence on Sally.

【2】What does the underlined word elated in Paragraph 4 mean?

- A. Really interested. B. Desperately tired.  
C. Extremely excited. D. Deeply embarrassed.

【3】What is the purpose of Paragraph 5?

- A. To add some background information. B. To summarize the previous paragraphs.  
C. To report news about cancer treatment. D. To introduce a new topic for discussion.

【4】What's the best title for the text?

- A. Running in memory of mother. B. Living life with a selfless heart.  
C. Joining the race to keep healthy. D. Struggling to survive from cancer.

In 2019, more than 125,000 organs, mostly kidneys, were transplanted (移植) from one human being to another in the United States. But a lack of suitable donors means the supply of organs is limited. That has led researchers to study the question of how to build organs from the very beginning.

One promising approach is to print them. Bio-printing originated in the early 2000s, when it was discovered that living cells could be sprayed through the nozzles (喷嘴) of printers without being damaged.
