How to Save on Sightseeing New York City Attractions With so many unique attractions, world-famous museums, theaters, and skyscrapers there is always plenty to do in New York. However, sightseeing, in New York City might not be the easiest or the cheapest experience.

This is why our team of real, life-long New Yorkers has created the New York Pass. If you want to discover the best of what this amazing city offers while still saving some time and money on your visit, the New York Pass is something you should be interested in.

How You Benefit from the New York Pass

Free entry to over 50 attractions---Empire State Building, Statue of Liberty, Museum of Modern Art, Madison Square Garden Tour, NBC Studio Tours, New York Aquarium & many others.

Free 140-page guidebook in English, German & Spanish, containing hours of operation, maps and directions to every tourist attraction, shop and restaurant.

Line skipping privileges (特权), as a New York Pass holder you are entitled to fast track entry to the New York City's busiest attractions.

Over 650 worth of entrance fees---that's how much it would cost if you visited all the attractions that New York Pass grants entrance to---without using the New York Pass. That doesn't even include the additional discounts you receive for having a NY Pass.

100% Risk Free, Money Back Guarantee---New York Pass insurance gives you extra comfort in case your travel plans change, offering refund on non-used Passes. Please Note:

You can visit as many attractions as you want---even more with the time saved with fast track entry. You don't need to carry too much cash and the New York Pass keeps control on your spending.

Until now, little research has been conducted on the association between parents' friendships and the emotional well-being of their adolescent children. A new study from researchers at the University of Missouri suggests that mothers' friendships with other adults can impact their adolescent children's relationships with their own friends, particularly the negative aspects of these relationships such as conflict and opposition.
